HAVERHILL HIGH SCHOOL STATEMENT OF PURPOSE

Haverhill High School, in cooperation with parents and community members, is committed to preparing all students with the skills necessary to become productive and socially responsible citizens in an ever-changing world. To this end, students plan their educational experiences with a view toward career choices, set goals, seek the assistance necessary to achieve their goals, and have high expectations for academic and personal growth.

Recognizing that our students have different backgrounds, interests, and abilities, Haverhill High School provides a wide range of educational programs and extracurricular activities to allow students to challenge themselves. The school offers a curriculum dedicated to linking a broad foundation in the liberal arts tradition with a variety of practical choices to prepare students for the transition to life and learning after high school.

All participants in the Haverhill High School partnership—students, teachers, administrators, support staff, parents, community members—work together to create and sustain a safe, healthy, and supportive learning environment and physical facility. Our school is one where mutual respect and caring foster personal and social growth and responsibility.
