The School Department has created another way for parents and students to stay up to date on school-related news and activities.

The schools have joined Twitter, as @havschools. Tweets will include information about athletic events, school meetings and open houses, and other activities. For example, among the first tweets were notices about the availability of bus routes on the school website, accessible at hillie.org.

"This is just one of several ways the Haverhill Public School Department is fulfilling its goal of utilizing all possible avenues to keep students, parents and city residents informed about what goes on in their schools," said Superintendent James Scully.
