THINK AHEAD »

OUR CORE VALUE IS INTEGRITY.

THAT MEANS TREATING EMPLOYEES RIGHT.

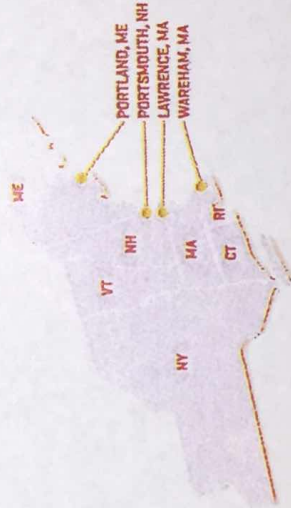

We are committed to rewarding hard work with opportunity and empowering our employees to seek the development needed to reach their potential. That commitment starts with safety and the appropriate training. Our extensive training, certification, and compliance programs ensure all employees successfully obtain the required Operator Qualifications.

Our programs include:

- Live gas school training
- OSHA 10-Hour certification
- HAZWOPER certification - hazardous materials & emergency response training
- Confined Space Entry training
- Competent Person certification (trench excavation safety)
- Welder certification
- Hydraulics equipment training
- CPR and First Aid training

Neuco also keeps up with industry best practices with active membership in the Northeast Gas Association, American Gas Association, and Managing Underground Safety Training organizations.
